

PROFESSIONAL SUMMARY

Data Analyst and Software Engineering graduate skilled in SQL, Python, and data visualization, with experience in building end-to-end data-driven solutions. Strong in problem-solving, data processing, and developing scalable applications, with a focus on delivering accurate insights and high-quality results.

EDUCATION

Bachelor of Technology (Computer Science and Business Systems)	2020 - 2024
G Pulla Reddy Engineering College	Grade: 7.47/10.0
Intermediate (Class XII)	2018 - 2020
Sri Chaitanya Jr College	Grade: 89.6%
Matriculation (Class X)	2017 - 2018
Ravindra Vidya Niketan	Grade: 10.0/10.0

TECHNICAL SKILLS

- Programming Languages:** Python, HTML
- Data Visualization:** PowerBI, Matplotlib, Seaborn
- Databases:** MySQL
- Tools:** MS Excel, MS Office, Jupyter Notebook, GitHub
- Core Competencies:** Software Engineering, Exploratory Data Analysis, Statistical Modelling

PROJECTS

- Built a credit risk analysis project using a financial dataset to identify key drivers of customer delinquency. Performed EDA, handled missing data using appropriate imputation techniques, and developed a Logistic Regression model evaluated using precision and recall, with a focus on minimizing financial risk.
- Student Performance | Data Cleaning | Developed a Python-based data processing pipeline to clean, transform, and analyze student performance data (6,500+ records), generating actionable insights to improve outcomes for low and moderate performers.
- Optimized complex MySQL queries and joins across 7 interconnected datasets. Translated stakeholder requirements into technical schemas, ensuring data integrity and scalability for analytical reporting.
- Built an interactive Power BI dashboard leveraging DAX and Power Query to analyze movie sales, revenue trends, and genre performance. Implemented KPI-driven visuals and drill-down functionality to deliver actionable insights through a user-friendly, multi-page analytical interface.

CERTIFICATIONS

- GenAI Powered Data Analytics - **Tata**
- SQL Bootcamp (Certified) — **Udemy**
- Python Programming Certification — **Innomatics Research Labs**
- Software Engineering Job Simulation — **JPMorgan Chase & Co.**
